**Now Is the Time to Seed Your Lawn—The Most Perfect Lawns Are
Seeded in the Late Summer and Early Fall.**

BOLGIANO'S "CAPITOL PARK" LAWN GRASS SEED

If sown this Fall, will quickly produce a most beautiful thick velvety green lawn. It is perfectly hardy and will stand the severest Winter. In the early Spring it will delight you with its luxurious growth and rich color.

Contains a re-cleaned and well balanced blend of the essential grasses to produce a green, smooth, velvety sod with a thick bottom and free from such varieties of common grasses as produce clumps and knots on the lawn. Known for its wonderful endurance during hot, dry spells.

Planted in front of the new District Building in Washington, it produced a beautiful lawn in twenty-eight days from day of planting the seed.
